

COVID-19 Capacity Guide for Campus Spaces

2020-2021

Important Notes:

- This document lists the updated capacities for campus spaces based on physical-distancing guidelines.
- Please note that while some space capacities exceed 30, the current college guidelines for indoor gathering sizes are still limited to a **maximum of 30 people**.
- Room requests and reservations are subject to change during the semester based on the College's campus status alert level on the [COVID Dashboard](#).
- In addition to adjusted capacity numbers, the college has a number of [outdoor spaces](#) (tents and uncovered seating areas) that can be reserved through the room scheduling system ([EMS](#)).
- Please note that some spaces listed here and in EMS are unavailable for reservations to meet the College's programming and distancing needs.
- All students, faculty, and staff must wear a mask while in public spaces on Ursinus' campus. Not wearing a mask properly (i.e. fully covering the nose and mouth) is the equivalent of not wearing a mask.
- All students, faculty, and staff reserve the right to ask that students and other community members wear a face mask if they are not wearing one in a required setting. The expectation is that this request will have prompt compliance.
